Lift Freight Services acts only as a 'forwarder' within the meaning of Section 8:60 of the Dutch Civil Code, regardless of how we are identified on any document (by a third party) and whether transportation related terms are used including, but not exclusively; transport, carrier & freight. In all rates, a freight forwarder's commission rate due to intermedium is included, unless mentioned separately. Our liability is exclusively governed by the Dutch Forwarding Conditions 2018 and not by any transport law regulation. All our (other) services, such as storage, value added services and customs formalities, are subject to the aforementioned Dutch Forwarding Conditions (with the exception of Article 23). These conditions can be found at our website or the Fenex website. General terms and conditions of our customers are hereby expressly rejected. Dutch law applies and all disputes shall be settled by the competent court of Rotterdam.

- We do not insure any shipment unless having received written instructions.
- Payment terms 14 days after date of invoice.
- All quotes are valid until further notice and can be changed without prior notification.
- All quotes are subject to space at time of booking.
- Any needed shipment certificate or license, is the supplier's full responsibility, unless agreed otherwise prior to shipping.

## **Terms & Conditions**

The rates quoted herein are based on the information provided by the Customer and on the acceptance, equipment & space availability of Ocean Carriers/Airlines and any other subcontracted partners of Lift Freight Services BV. Therefore, rates are subject to change based on availability at the time of booking.

Further, all information provided to Lift Freight Services BV by the Customer is subject to validation by Lift Freight Services BV or its subcontractors. Lift Freight Services BV and/or its subcontractors reserve the rights to re-measure or re-weigh any cargo provided to Lift Freight Services BV. Any deviations may result in a change to this quote. If the Customer becomes aware of any changes in either the weight, commodity or dimensions, Lift Freight Services BV needs to be notified immediately as this may affect the quoted rates.

Mentioned exchange rate is for calculation purpose only and therefore no rights can be derived from it. The B/L date is leading in regard to the charged ocean freight. Marine insurance is not issued unless written to do so. Any insurance quotes provided herein shall not be binding unless a separate insurance certificate has been provided to the Customer.

For all Seafreight LCL shipments, unless otherwise specified locally:

Lift Freight Services BV rates are based on per CBM or per KGS, whichever is higher. The weight and volume will be converted to freight ton for the purpose of this quote. Minimum calculation is 1 cbm or 1 ton.

For all Airfreight quotes, Lift Freight Services BV will apply the dimensional or volume weight factor according to IATA standards. Whichever weight is higher between the gross and the volume/dimensional weight of the shipment will become the chargeable weight for purposes of the quote. All per kg/lbs rates in the quote are based on the chargeable weight. Imperial shipping factor examples: 166 in<sup>3</sup>/lb = 10.4 lb/ft<sup>3</sup> ; Metric shipping factor examples: 6000 cm<sup>3</sup>/kg = 166.667 kg/m<sup>3</sup>

All quotes may have additional charges and fees including but not limited to accessorial charges, duties, taxes, storage charges, trucker waiting times, demurrage, GRIs (General Rate Increases), new surcharges or any other carrier (e.g. airline, ocean line, trucker etc.) related charges that are beyond the control of Lift Freight Services BV.

Lift Freight Services acts only as a 'forwarder' within the meaning of Section 8:60 of the Dutch Civil Code, regardless of how we are identified on any document (by a third party) and whether transportation related terms are used including, but not exclusively; transport, carrier & freight.
