**Subject:** 20' Truck Erbil-Kalar and vice versa

Dear Mr. Rami,

Reference to our conversation and previous communication with Ms. Bdour, please find below summary report of subject movement with cost calculation:

### Movement Report:

- 29 Mar2022: after loading from UEE site in Erbil and on the way to customer's site; there was a traffic incident that resulted in lashing/strapping breaking and load falling off the truck due to sudden stop. Cargo was reloaded and returned to UEE site.  
We investigated the incident and are taking proper corrective / preventive actions to avoid similar incidents in future movements.
- 13'Apr2022: cargo was loaded from UEE site in Erbil and delivered same day afternoon to customer in Kalar. However; customer in Kalar advised the driver that there is no load coming back from Kalar to Erbil. Same was communicated to Mr. Rami and we were advised to send the truck back empty.

### Cost Calculation:

- 29 Mar Trip: Agreed rate USD 650.00, agreed damage penalty is USD 400.00  
**Total Trip Cost: USD 250.00**
- 13' Mar Trip: Agreed rate USD 650.00  
**Total Trip Cost: USD 650.00**

---

**Total Movement Cost: USD 850.00**

Waiting your kind confirmation to proceed with invoice issuance. Thank you.

Best regards,

Eng. Yassir AlSaffar
